BRILLIANT PARTY AT THE NAVY YARD

Crews of the Hannibal and the Leonidas
Hosts at Concert and Dance Held in
the Big Sail Loft Last Evening

One of the most successful concert and dancing parties ever held at the navy yard, took place last evening in the sail loft of the Ordnance building under the auspices of the crews of the U. S. S. Hannibal and the U. S. S. Leonidas. Upwards of 300 people, including all the officers, both in the military and industrial departments of the yard, the commanders and junior officers of the ships and 300 or more from Portsmouth, were present.

The big sail loft was finely decorated with flags, both signal and the National colors, the walls and ceiling being covered. The brilliant colors of the

decorations, the officers and men in uniform and the beautiful gowns of the ladies made the party one of beauty.

Two bands of music were playing alternately during the dancing, making the dances follow one another without intermission. The Navy Yard Band played a fine concert program from 8.00 o'clock until 9.00, which was enjoyed by all.

At 10.00 o'clock, Lieutenant Commander Hayward, U. S. N., commanding the U. S. S. Hannibal and Mrs. Hay-

SUSTAIN HEAVY LOSSES

Germans Launch Furious Assaults in Effort to Drive
Back French Forces.

(Special to The Herald)
Paris, October 7.—Terrible losses were sustained by the Germans in their effort to retake from the French the position captured by them in the Champagne yesterday. Furious counter assaults were launched by the German in an effort to drive back the French forces that captured Turenne, northeast of Soissons. All these attacks were repulsed but the Germans lost many dead and wounded.

There are only a few cottage people still at Rye Beach.

COALITION CABINET FORMED

Successor to Ex-Premier Venizelos of Greece Named.

(Special to The Herald)
Athens, Oct. 7.—A coalition cabinet was formed today with Alexander Zaimis, governor of the National Bank of Greece, as premier and foreign minister, succeeding ex-Premier Venizelos. All the members of the new cabinet are former ministers. Zaimis is regarded as pro-Allies.

SERBIA REJECTS BULGARIA'S DEMAND

Backed by the Allies She Refuses to
Give Over Macedonia---English and
French Troops Now in Serbia---Italy
Has broken with Bulgaria.

(Special to The Herald)

London, Oct. 7.—Serbia, backed by the Allies, has rejected Bulgaria's demand for the surrender of Macedonia and hostilities between the two countries are expected to open within 24 hours, according to advices received from Athens today. British troops forming part of the Anglo-French expedition sent to assist Serbia, are now being landed at Salonika. Preparations for an extension of the war are proceeding with feverish haste in all quarters. Greece, though protesting against the landing of the Allies' troops at Salonika, has made no effort at armed resistance and is not expected to do so. The French troops landed at Salonika have already left

for the Serbian frontier. The military authorities still withhold definite figures as to the total number of men in the Allies' expedition, but it is now rumored that 70,000 French troops and 30,000 British, 150,000 in all, will help the Serbians.

Rome, Oct. 7.—Italy has broken off diplomatic relations with Bulgaria. It was announced here today. The Italian minister at Sofia has been ordered to return to Rome via Greece. Only a few hours before the announcement was made the war office issued a call for additional troops. It is understood that the new forces will be held ready to be sent to aid the allies' troops now landing in Greece for the defense of Serbia.

TO GO TO NEW YORK

President Wilson and Party
Will Be Guests of His Intimate
Friend, Col. House.

(Special to The Herald)

Washington, October 7.—President Wilson, his family Mrs. Norman Galt, Dr. Harry T. Grayson, the president's physician, and Miss Helen Woodrow Bones will go to New York Friday to be the guests of Col. House, intimate friend of the President. They

will go to Philadelphia Saturday for the world's series.

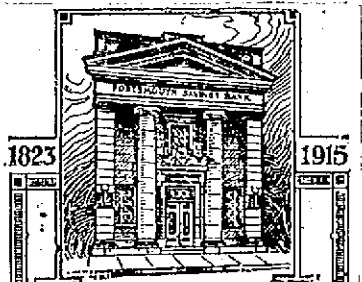

SENATOR HOLLIS ON FISHING TRIP

Concord, October 7.—Senator Hollis who is being sued for separate support by his wife is on a fishing trip in Newfoundland, according to Alexander Murchie, his law partner who issued a statement today. Mr. Murchie further says that the senator has never been missing and that he has made no attempt to conceal his whereabouts. He also says the allegations of General Streeter who represents Mrs. Hollis are untrue and that General Streeter has made no serious effort to find Senator Hollis.

TRAIN WRECKED

(Special Despatch)

Washington, October 7.—A passenger train bound from Vera Cruz to Mexico City was wrecked Tuesday near Malinalco, according to dispatches to the state department today. One message stated that all of the passengers were killed; another stated that 50 were killed.

BODY FOUND IN SOUTH MILL POND

Identified as That of Elmer Smart Who
Came to This City From Dover
On September 18

As Edward H. Voudy was crossing the body was found to be that of a young man apparently 19 or 20 years old, 5 feet 4 inches tall. He was dressed in a suit of dark mixture, blue and white striped shirt, collar, blue silk necktie with gold stick pin, containing small onyx stone, black stockings and low black cut shoes. On the pocket lapel of his coat was a class pin of D. H. S. 14, and in one pocket was a handkerchief bearing the initials S. in one corner. There was a pocket calendar issued by Harry Grover of Dover, N. H.

One of the pants pockets was turned inside out and while the face was badly decomposed there was no bruise save one over the left eye. As no one had been reported missing from this city, and every one pointed to the young man being from Dover, Deputy Marshal Ducker readily connected the fact that the police department of this city had been notified

PHILLIES DISTRIBUTE TICKETS

Crowd of Over 6,000 Men
Clamor for the Precious
Pasteboards to World's
Series Games.

(Special Despatch)

Philadelphia, October 7.—Just because the weather forecaster predicts rain for Friday and Saturday everybody in this vicinity is sure that both days will be warm, balmy and sunshiny. There's a reason. The forecaster in person here has caused folks to lose confidence by his prediction in years past, and now they always look for and usually get, weather of a kind exactly opposite to that which he has promised. About 39 per cent of the adult male population was gloomy and grouchy today because it was not invited to drop around to the office of the Phillies at 9 a. m. and partake in the distribution of reserved seats. When the club offices opened today there was a mob of over 6,000 outside waiting to present its invitation and its cash in exchange for the precious pasteboards that will admit them to witness the world series games here.

A Tariff Commission.

An encouraging thing in connection with tariff legislation is the increasing call for the establishment of a non-partisan commission to ascertain all the facts relative to the costs of production here and abroad, in order that Congress might have a solid basis to stand on while adjusting the schedules. The feeling is rapidly becoming general that such important legislation should not be based on guesswork or on the desires of certain interests to profit at the expense of consumers. What is wanted by fair-minded men is a tariff that will protect American labor against the competition of cheap foreign labor. They do not want a tariff under the shelter of which monopolies may exist and thrive.

The need of a non-partisan commission in this field has long been recognized by many. When William Howard Taft was president he recommended the establishment of such a commission, but Congress was not ready to co-operate at that time. The idea, however, has not been abandoned by those who have given the subject thought, and there is reason to believe the time will come when the tariff will be dealt with on a business rather than a political basis.

So influential a body as the National Chamber of Commerce calls for such action. It recognizes the needs of the business men of the country and believes the time has come to take the tariff question out of politics and place it on a purely business basis. In speaking of the conditions that will prevail after the close of the European war the Chicago Tribune says: "If our tariff is too low it will mean industrial depression. If it is too high it will encourage monopoly, high prices and unrest. Can the country continue to act upon the guesses of the most partisan leaders that such and such a figure, plucked out of the air, is the right one?"

It can not, and both guesswork and political work in connection with this great question should be stopped. The country wants a tariff that will be just to manufacturers, to workmen and to consumers, and the way to get it is to first get all the facts relative to the costs of production at home and abroad. This could be done by such a commission as is proposed, and it is not likely ever to be done in any other way. It is to be hoped that the next step toward readjustment of the tariff will be the formation of a competent commission to assemble the facts on which legislation should rest.

The present war has not produced anything great in the line of poetry, though any number of writers of varying ability have "taken a crack at it." But a young Londoner has written a ballad and set it to music, and its popularity has jumped him from obscurity to fame. The song is entitled "Till the Boys Come Home," and it is being sung and whistled by all classes in England. Hereafter the young man's work will doubtless find ready acceptance at the hands of the publishers.

A New York health authority pronounces whooping cough a more dangerous disease than scarlet fever because there were more deaths in that state last year from the former than from the latter. But the probability is that there were more cases of whooping cough than of scarlet fever. That it proved fatal in a greater percentage of cases will be doubted by the medical profession and the public generally until the contention is proved.

Judge Ben B. Lindsay of Denver, who is so lenient and forgiving when presiding over the juvenile court, apparently has a different disposition for use in his private affairs. Judge Lindsay has his opponents and critics, and he is threatening to use a shotgun in defending his reputation against their assaults. But this is hardly a proper attitude for one who professes to stand as a shining exponent of the Golden Rule.

Delegates from all parts of the country are on their way to Seattle, Wash., where the annual convention of the Woman's Christian Temperance Union will open next Saturday. This organization has worked hard and faithfully for many years, and while it has not succeeded in eliminating the liquor evil, there can be no doubt that it has exerted an influence for good in every community in the land.

Very encouraging are the large orders for rails and other equipment that are being placed by some of the leading railroads. This not only means business for the manufacturers who supply their needs, but it means that the roads see business ahead for themselves and are not frightened by the cry that this country is going to experience hard times after the close of the European war.

The latest news in the political world is that "Uncle H" Noone, the Democratic candidate for governor, has purchased a lame coon of a Chichester Democrat and will carry it around the state with him as his mascot. "Uncle H" is perhaps afraid that Brer Hutchings of the north country is playing possum.

CURRENT OPINION

Submarines Must Be Supplemented by a Fleet of Battleships.

Valuable and important as submarines are as aids in our national defense, they would not, of course, meet every need. The navy would require for offensive purposes a fleet of battleships and battle cruisers which could go out and engage the enemy in offensive movements. In this connection there would come into the service the large submarines, which could also be used in offensive operations.

The larger the submarine the greater its radius of action as a general thing, and the large submarines would be of great value against an enemy approaching our shores and shelling our cities at long range with high power guns. Against these the large submarines and the battleships and the coast defense guns could direct their work, while the submarines of the smaller type would be able to deal with enemy ships closer to the coast. The submarines of moderate size should be able to prevent the landing of troops from transports.

In this discussion it should be borne in mind that valuable as the submarines are as an auxiliary in the defense of our coasts they cannot take the place of the battleships.—By David H. Cox, Former Assistant Constructor, United States Navy.

SUSPENDED WITHOUT PAY

Two Steamboat Inspectors Under Indictment in Connection With Eastland Disaster.

(Special to The Herald)

Washington, Oct. 7.—Secretary of Commerce Redfield today suspended without pay Charles Eckliffe, and Robert Reid, the government steamboat inspectors under indictment at Chicago in connection with the Eastland disaster. The action was taken with the approval of President Wilson. If the inspectors are acquitted their pay will be made up, it was stated, and they will be re-instated.

BIDS OPENED FOR DESTROYERS

Lowest Bid by Cramp Ship Building Co.

Washington, October 6.—Bids opened by the navy department for six torpedo boat destroyers, numbers 62 to 67, brought proposals ranging from \$235,000 to \$415,000.

The lowest for \$235,000 each for three 30-knot vessels, submitted by William Cramp and Sons, Philadelphia; \$17,500 each to be added for Pacific coast delivery. The same company had alternative bids of \$242,000 each for three vessels of \$252,000 for two vessels for delivery within 20 months.

Other bidders were as follows, the alternative proposals being based on modifications of designs: Union Iron Works, San Francisco, one vessel, 20 months delivery, \$315,000.

Seattle Construction and Dry Dock Company, one vessel, 20 months delivery, \$385,000, or two vessels, 20 months delivery, \$570,000.

Fore River Shipbuilding Corporation, Quincy, Mass., four separate bids for two vessels, delivery 20 and 21 months, prices ranging from \$280,000 to \$305,000 each.

Bath Iron Works, one 32-knot boat, 20 months delivery, \$79,000; one 30-knot, 20 months delivery, \$575,000.

Newport News Shipbuilding Company, two vessels, 20 months delivery, \$235,500; or two vessels, 20 months delivery, \$369,000.

Congress fixed the maximum cost of the boats exclusive of guns and armor at \$225,000.

"EXPERIENCE"

Last Two Weeks of Most Wonderful Play in America at Shubert Theatre, Boston.

The seventh week of "Experience" at the Shubert Theatre, Boston starts next Monday, October 11th, and with the announcement comes the tidings that so far all efforts to extend the engagement of this remarkable drama have been fruitless. The original booking of "Experience" was for eight weeks only, the time expiring on October 23d, when other attractions booked for the Shubert are scheduled for presentation. The management of "Exper-

ience" has endeavored to purchase new contracts so that Mr. Hobart's remarkable drama can remain in Boston, but the negotiations have been fruitless. Therefore the management announces the last two weeks of "Experience" at the Shubert. The business has been so enormous and the rush for seats has been so unprecedented, that purchasing patrons would do well to purchase tickets immediately for all remaining performances. Matinees are given Wednesdays and Saturdays and in addition a special holiday matinee is announced for Columbus Day, October 12th.

For the convenience of patrons living outside of Boston mail orders will be filled, if money order payable to Shubert Theatre is sent, together with self addressed stamped envelope for the return of the tickets.

"Experience" is booked to go to Philadelphia after Boston and then to Chicago. Many ministers have used "Experience" as the subject for sermons, pointing out that the story of Youth going into the world is much like the narrative of "Pilgrim's Progress," and that the play teaches a great moral lesson.

"Experience" is highly acted by a strong company, headed by Ernest Glendinning in the role of Youth.

MISSIONARY SOCIETY HELD DINNER PARTY

The members of the former Pearl St. Free Baptist Missionary Society met with Mrs. A. C. Plummer at her home on Maplewood avenue, Wednesday afternoon, twenty-six being present.

The afternoon was passed socially and shortly after 5 o'clock all repaired to the dining room for supper. All joined in singing the Doxology, after which prayer was offered by Mrs. Brackett. The supper consisted of brown bread and beans, white bread, relishes, assorted cake, colds, squash, apple, nutmeg and cream pies, coffee and tea. After the supper hymns were sung. At 7 o'clock all joined in singing "Shall We Gather at the River," after which the company proceeded to the Court St. church prayer meeting, thus ending a good day and a good time by praising God for the life that binds.

Among those present were Mrs. E. Brackett, Mrs. B. Conney, Ruth Conney, Mrs. Barr, Mrs. Newell Whitney, Elizabeth Whitney, Mrs. W. T. Lord, Mrs. Elizabeth Chandler, Mrs. J. Moore, Mrs. R. Gorton, Mrs. J. Hunt, Gladys Hunt, Mrs. A. Clark, Mrs. Faulkner, Mrs. Marion Dexter, Mr. Frank Willard, Mr. and Mrs. James McMullen, Hazel, Paul, James McMullen, Jr., Richard, Harry and Florence Jones. It was a gathering of much enjoyment, but the leader and president, Mrs. E. P. Moulton was missed. Other meetings of a like nature are planned for the near future.

AIRIATOR KILLED AT BROCKTON FAIR.

Brockton, Mass., Oct. 6.—Before the eyes of 35,000 people this afternoon, Blancy Olson, a balloonist, fell 5,000 feet to the ground and was killed instantly. One of his parachutes failed to open and he dropped like a huge stone from the great height. Olson was 22 years old and resided on Shawmut avenue, Boston.

Nearly four hundred from this city were guests at the Ball given at the navy yard last night.

BE WINDOW WISE, MR. DEALER.

Mr. Retailer, your show window should be a mirror that reflects people's wants. When standard articles are advertised in this newspaper your customers will read about them. They will want to see the goods. It will pay you if they see them in your window. People will know you are a window wise storekeeper and will come to you when they have money to spend.

CHRISTIAN CHURCHES IN CONFERENCE

Rev. Mr. Caswell of This City Makes Address.

The closing session of the annual meeting of the Rockingham, N. H., Christian Conference at the Amesbury Christian church occurred Wednesday evening. Churches in Haverhill, Amesbury and Lynn were represented. The annual address was given Wednesday morning by Rev. M. J. Hornsberger of Newton, N. H., president, Rev. P. W. Caswell of Portsmouth, Mrs. Annie B. Moulton and Rev. H. M. Hahner of Haverhill, making brief remarks.

Rev. H. M. Mainer of Haverhill was elected president; W. D. Stearns, vice president; Rev. R. G. English of this place secretary; C. D. Garland of Tyre, N. H., treasurer; Rev. P. W. Caswell, secretary of the Y. P. S. C. E.; Rev. N. M. Heikes of Lynn, secretary of Sunday schools; Rev. M. J. Hornsberger, missionary secretary; Rev. H. G. English, educational secretary.

In the afternoon besides devotional services was the annual meeting of the New Hampshire Christian Benevolent Society. Dr. G. O. Conibear, field secretary for New England spoke on "Our New England Problems and How to Solve Them." Short addresses were made by Rev. Mr. Hahner and Rev. P. S. Saller, the latter of Stratham, N. H. There was a praise service this evening led by Rev. E. H. Macy, with an address by Rev. Dr. M. H. Peters, president of the New England Christian Convention.

NAVY YARD NOTES

More Work for Yards

With the completion of the war game of the Atlantic fleet will come a booming in work at all the navy yards. Practically all of the dreadnaughts and destroyers are scheduled to proceed at the closing of the maneuvers to their home yards for repairs. The third division battleships, George, New Jersey, Nebraska and flagship Virginia are due to arrive at the Charlestown yard between October 12 and 16. The torpedo destroyers will follow soon after.

Some Hustling

Civilians on the yard were surprised for a short period this forenoon in observing the unusual hustling among the crews of the U. S. S. Paducah, Hannibal and Leonidas. It was later learned that the activity was a move in connection with the war maneuvers now in progress by the army and navy. No information could be made as to just what the move meant but it was evidently part of a war program to determine how soon the crews and equipment could leave the ships and make a given point in New York.

Plenty of Applicants

The examination for the eligible list of harbor inspector for the government to be held on November 3 has brought out the largest number of applicants for any government job in several years.

Succeeds Long

Elliot M. Fernald of Elliot who has been acting as messenger at the general store has been transferred to the Industrial Department to succeed John Long.

350 in All

At the present time 200 prisoners are confined in the naval prison and 50 on the prison ship Scutcher.

Clock Should be Lighted

In the improvements made at the yard in the past fifteen years, that of an illuminated clock appears to have been overlooked. The yard residents believe that this improvement should come and that the antiquated time indicator on the administration building should be replaced with something up to date.

FASHIONABLE WEDDING AT RYE BEACH

Miss Mary Jarvis Fish Becomes the Bride of Dr. Clarence F. Graham.

Picturesque St. Andrews-by-the-Sea at Rye Beach was the scene of a fashionable wedding at 2:45 o'clock Wednesday afternoon when Miss Mary Jarvis Fish, daughter of Mr. and Mrs. Charles H. Fish of Brookline, Mass., a popular member of the summer colony at Straw's Point became the bride of Dr. Clarence F. Graham of Providence, R. I.

The ushers were Mr. Ellis Straw of Manchester and J. M. G. Parker of Manchester, Mass., and guests were present from Boston, New York, Providence, Brookline and other places. The ceremony was performed by Rev. Victor Haughton of Exeter.

The bride was attractively attired in a gown of white satin, tulle, veil of Point d'Inde and carried a bouquet of lilies of the valley.

The maid of honor was Miss Sarah Fish, a sister of the bride.

The best man was Dr. Henry Graham of New York, a brother of the groom.

Following the church ceremony the bridal party and guests repaired to the summer home of the bride's parents at Straw's Point where a reception was held. Dr. and Mrs. Graham were assisted in receiving by Mr. and Mrs. Charles H. Fish, the parents of the bride.

The house was prettily decorated with wild field flowers and autumn foliage.

After an extended bridal trip Dr. and Mrs. Graham will take up their residence in Albany, N. Y.

The groom is a graduate of Yale and John Hopkins universities.

OBITUARY

Mrs. Lydia Ann Hurd

Mrs. Lydia Ann Hurd, wife of Freeman Hurd, died at her home on Deer street on Wednesday evening after a lingering illness. She was born in Kittery, October 14, 1832, the daughter of Mark and Celestine (Jackson) Adams. Her marriage to Mr. Hurd occurred on October 12, 1851. For many years they resided in Kittery at what is now known as Gray Lodge. Mrs. Hurd was a woman of many estimable qualities and her death will be deeply regretted by those who knew her best.

Miss Olivia A. Chapman

The death of Miss Olivia A. Chapman occurred Wednesday evening at her home in Kittery aged 61 years, 6 months and 12 days. She is survived by one sister, Mrs. George Gibson.

AGRICULTURAL MEETING AT CONCORD

Committee Appointed by Governor to Get Together for Conferences.

The meeting of the committee recently appointed by Governor Spaulding to study out ways and means by which more extensive and intensive agriculture in New Hampshire may be developed will be held at the office of the department of agriculture at Concord next Friday morning at 11 o'clock. The members of the advisory board of the department will also be present and participate in the work at hand.

Commissioner Andrew L. Pelker of the agricultural department has been assured that nearly all the members of the committee will be present.

"A deep interest is being shown in this new movement by a large number of the city's leading citizens," said Commissioner Pelker tonight, "and those who are closely allied with the movement are anticipating valuable results from the efforts put forth by the committee. While these efforts are expected to ripen into a rich fruitage possessing great value to New Hampshire, yet it is folly to assume that agriculture throughout the state will be revolutionized or that great beneficial results will come within a few months or a few years even. But it is hoped that certain foundations may be laid down, upon which not a new, but an improved and enlarged agriculture may be established and that the business of farming within the Granite State shall be dignified and magnified until it takes its rightful place among the other businesses and professions."

BODY FOUND IN SOUTH MILL POND

(Continued from Page One).

that a young man named Smart had disappeared from that city a few weeks ago and the police of this city had been asked to look him up.

An intimate friend of young Smart, Lionel Mason, who is employed at the plant of the Rockingham Light and Power Company furnished the police with a description of Elmer Smart, the missing Dover young man that talked with that of the young man found in the pond, even to the fact that his slick pin was held by a safety clasp.

According to Mason, young Smart was the son of Mrs. Sarah Smart residing on Bellamy street in Dover and that he left that city on Saturday, September 18 to visit Mason in this city. The latter however, had returned to Dover and did not see Smart. Since that time he knew nothing of his whereabouts.

The body was turned over to Undertaker O. W. Hann, who placed it in the receiving tomb to await identification.

The fact that Smart look a son of money belonging to his mother when he left home, and that one of his pockets was turned inside out when he was found, makes Deputy Marshal Ducker and Officer Shannon think that possibly Smart may have been the victim of foul play and a thorough investigation will be made and the movements of the young man while in this city traced if possible.

The Dover police were notified of the finding of the body and it is very likely that some relatives of the young man will come to this city this afternoon to make identification certain.

According to Mr. Voudy who first discovered the body, and others who have occasion to pass along that section they have noticed a black object floating in the pond for several days past, somewhat farther off shore, but did not think for a moment that it was a human being.

The trouble experienced in getting the body ashore this morning demonstrates the fact that the city should provide and keep a boat on the shore of the pond to be used in case of emergency. In the summer time the play-

grounds are thronged with both old and young people and perchance someone might be unfortunate enough to fall or be thrown into the pond in the spirit of fun, and a boat to be used in an emergency of this kind might prevent the loss of one or more lives.

Deputy Marshal Ducker this morning notified County Solicitor Albert R. Hatch of the suspicious circumstances in connection with the body and the latter directed that an autopsy be held so as to ascertain whether there were any marks of violence or anything to indicate foul play.

The wedding will take place in the home of the bride-to-be at 1308 20th street and will be an extremely quiet affair. Only a few relatives and the most intimate of friends being present. The time and place of the wedding while not officially announced became known today.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When cross, feverish and sick give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

RAILROAD STATIONS AGAIN BROKEN INTO

Newfields and Newmarket Seem Favorite Haunts of R. R. Thieves.

For the second time within a month the Boston and Maine stations at Newfields and Newmarket were broken into and the telephone booths and gum machines wrecked.

Entrance at Newfields was by a back window as on the previous break, and the Newmarket station was also entered the same way. No attempt was made to open the safes in either office and so far as is known there was no attempt made to force an entrance to the ticket office. Not much was taken.

The previous breaks were on the night of September 6 and about two weeks previous to that a break was made at the Heading station.

The Problem of Heating Is the Problem of the Air You Have to Breathe

The Secretary of the Chicago Board of Health says: "The great increase in recent years of tubercular, catarrhal, bronchial and other bad air diseases in the winter time, is largely due to improper heating." In fact, we have come to regard the steam heated flat with its dry and overheated air, a serious menace to public health.

You can avoid all this if you install a

Kelsey Warm Air Generator

This Heater supplies an abundance of pure air constantly freshly warmed, and the kind of hygienic, healthful heating you should most earnestly desire. Let us show you why KELSEY HEATING is also the most Economical Heating.

A Sentence Written 1343 times on or-
dinary Post Card

Mrs. Raymond Gerry gave a remark-
able demonstration of fine writing on a
post card in the recent contest at
the store of L. E. Staples. She wrote
with a pencil, the sentence, "L. E.
Staples' Dry Goods Store," 1343
times on an ordinary post card. The
writing is so fine that it is not visible
to the naked eye, but with a powerful
glass may be readily seen.

AUDITOR STILL DIS AGREES WITH BOARD OF PUBLIC WORKS

A meeting of the Board of Public
Works was held on Wednesday even-
ing, and City Auditor Lighthouse was
present to try and adjust the differ-
ence in the bookkeeping which has tied
up the street department.

The city council did not help matters
to any extent as they only transferred
enough funds to meet the existing
payrolls. All admit that there is suf-
ficient funds in the department, but
the balances have not been transferred,
and the auditor will not allow them to
be without the consent of the council,
who appear to be more interested in

playing small politics rather than us-
ing business methods.

Supt. Hodgdon on Wednesday sent
out the city teams and cleared the
streets of rubbish and ashes that had
been put out by people who had not
read the published notices, but this
was stopped today. Mr. Hodgdon as-
sumed the responsibility, telling the
men that he would pay them himself
if the city did not.

Today the auditor is checking up
with the bookkeeper of the Board of
Public Works and the tangle will be
straightened out as soon as possible.

That a navy yard workman is
shaking hands with himself on the re-
covery of a good sum of money which
he had given up as lost or stolen.

That he left the yard one day lately
after the close of work and forgot his
vest which had \$200 in one of the
pockets.

That when he returned the follow-
ing day the vest was not in the place
where he had left it.

That after a long hunt by the fan-
tor the garment was discovered with
other old clothes which he picked and
put together, as the shop rules require.

That the \$200 was there and it cer-
tainly looked good to him as he fished
the long green from the pocket.

That the colored residents hold a
ball tonight.

That the Portsmouth horse owners
have no reason to be ashamed of the
records made at Acton and other

That the Carlstone Glee Club will
furnish vocal music at all husking
bees free.

That they prefer that the barn par-
ties take place in the vicinity of Do-

Tuesday next.

That all the strong men will be there
with the rope and tug-of-war board.

That a new law firm of Sleeper,
Brown and Fizzell have located in
this city with rooms on Congress
street.

That the Portsmouth navy yard has
gone along wonderfully in the past 10
years on improvements.

That in the list of improvements the
matter of an illuminated clock on the
administration building was over-
looked.

That the yard residents think that
this matter will be called to the at-
tention of the department in the near
future.

That suspicion certainly surrounds
the case of the man picked up today
in the waters of the South pond.

"FASHION SHOP" AGAIN DREW A CROWDED HOUSE

GREAT ACT AT THE COLONIAL
WAS CAUSE OF MANY PAT-
RONS BEING TURNED AWAY

For the third evening this week,
"The Fashion Shop" the most sensa-
tional act ever staged in this city drew
such a crowd at the Colonial Theatre
that hundreds were disappointed at
not being able to get seats. The won-
derful performance was as big a hit as
on each of the first nights.

The great work of Mr. Jansen, the
funny comedy pulled by Mr. Gorr, the
"tube" comedian, the staging of Miss
La Tell, all came in for its share of
applause, as it has at each of its pre-
vious performances. Since the opening
of this act in vaudeville, several simi-
lar ones have been staged and in New
York they are building whole shows on
the same idea. It is without doubt, the
greatest sensation ever produced.

It was announced that local models
would be invited to compete by Mr.
Jansen, but it was evident that Port-
smouth was too small to allow of this
part of the performance.

Although many of the theatre pat-
rons were at first skeptical when the
announcement was made, some fear-
ing that there might be something of-
fensive in the offering, it is now evi-
dent that they are all convinced that
it is a clean act as well as one of the
best in the way of novelty and enter-
tainment. "The Fashion Shop," with
its beautiful costumes, its beautiful
living models, good clean comedy and
wonderful Parisian creations, could
draw crowded houses night after night
for months.

Next Tuesday will be a state holi-
day and the schools will be closed. The
business houses with few exceptions
will also suspend business for the day.
